Pupils Equity Fund

Leuchars Primary school will benefit from £22,800 funding allocated to the pupils equity fund from the Scottish Government. Madras will receive £73,200 Fife will benefit from an increase in funding with £10.1 million going directly to Head teachers to help close the poverty attainment gap.

North Fife Cycling Club

A meeting of interested parties took place on the 16th January in the Burgh Chambers Tayport. Background

In 2017 a group of local cyclists and supporters under the name 'North Fife Cycling Development Group' met to look at ways of 'supporting and developing all forms of cycling'. This group carried out a survey (360+ replies), and Kirsteen Torrance organised childrens cycling taster sessions at Newport School in the autumn. At a public meeting on 6th November a number of people were keen to set up a cycling club locally and Kirsteen organised this initial meeting of interested people with herself and Martin Harris offering to help set up a club through Scottish Cycling. This meeting was widely advertised through local contacts, parents of children attending the taster session etc. The previous North Fife group discussions and some emails had suggested that if enough people were interested in setting up a club that might run then alongside any other local cycling interests (that might focus on other topics like commuter cycling & infra structure campaigning with some networking links between groups).

NHS Fife

Director of Public Health annual report is available. I can forward a pdf via email to anyone interested in the report.

Police Report

CALLS TO THE POLICE

Since the last meeting, Police received 18 calls, from Leuchars which 4 were emergency 999 calls. This resulted in 3 crimes being recorded. Of these calls, 6 traffic related, 3 thefts, 2 causes for concern,

assaults, 3 nuisance calls the rest misc. There has been a well published spate of thefts from garages and outbuildings right across the Taybridgehead area since the start of 2018. We currently have a team of 6 dedicated DC's on the case as well as stop points being carried out in the area overnight. This has led to a seizure of a car and the return of approximately £15000 worth of property back to its rightful owners.
